The City of Palos Hills was incorporated as a City in 1958 and adopted the Mayor-Alderman form of government. The City is a non-home rule community as defined by the Illinois Constitution. The City of Palos Hills is a residential community of 17,484 people. It is approximately twenty-two miles southwest of downtown Chicago in Cook County.

The City's Mayor presides over the City Council, which includes ten aldermen, who are elected from the City's five wards. Under the city form of government, only the Mayor, City Clerk, and City Treasurer are elected "at large", or by all the voters in Palos Hills. All of the elected officials serve four-year terms, with the Aldermen being elected by the voters in their specific wards in alternating two-year elections. Departments include Administration & Finance, Building, Public Works/Sewer & Water, Police, Community Resource & Recreation, and Golf.

Palos Hills' elected officials, administrators, and staff are readily available to the public and all welcome the opportunity to serve Palos Hills residents.

The purpose of the City is to provide its residents and businesses the highest level of local government services within its corporate limits by promoting and protecting the health, safety, and welfare of all citizens, providing safe streets and potable water while effecting changes to encourage progress and development of the business community.
